EXPERIENCE

Axolotron - Full-Stack Developer | Nov 2023 - Sep 2024

- Led the design, development, and deployment of 5+ full-stack web and mobile applications, utilizing expertise in frontend (React, Next.js) and backend (Firebase, Node.js) technologies to deliver scalable and user-friendly solutions.
- Contributed to the strategic development of the company's flagship product, positioning the startup to transition from a service-based to a product-oriented model, projected to increase profit margins and expand market share.
- Engineered a scalable and cost-efficient cloud infrastructure using Next.js and Firebase, enhancing application speed by 45% and reducing cloud costs by 30%, improving the user experience for 10k+ active users.
